Charter Proposed for the National University of Aletheia

Published

30 June 2026

Promulgating authority

Minister of Education & Science

Draft charter tabled for a research university at Augustine State with faculties of medicine, law, engineering and maritime science.

The Ministry of Education & Science has tabled a draft charter establishing the National University of Aletheia at Port Luke, Augustine State.

The charter guarantees academic freedom, publishes all research grants on the public ledger, and reserves founding scholarships for citizens and lawful residents.

The draft is open for public comment for ninety days before consideration by the Covenant Assembly.
